

WE ARE RE:GENERATION

International Osteology Symposium

27-29 APRIL 2023
BARCELONA

ORGANISATION

Osteology Foundation
Landenbergstrasse 35
CH-6002 Lucerne

info@osteology.org
osteology.org
phone +41 41 368 44 44

REGISTRATION

Publi Créations
74, Boulevard d'Italie
MC-98000 Monaco

osteology@publiccreations.com
phone +377 97 97 35 55

LANGUAGE

All lectures and workshops will be held in English
(except Workshop no. 10).

The sessions held in the main auditorium on Friday and
Saturday will be simultaneously translated into Spanish
and German.

SCIENTIFIC CHAIRS

Pamela K. McClain, USA
Istvan Urban, Hungary

SCIENTIFIC PROGRAMME COMMITTEE

William V. Giannobile, USA
Pamela K. McClain, USA
Franck Renouard, France
Frank Schwarz, Germany
Anton Sculean, Switzerland
Istvan Urban, Hungary

WELCOME

In past years, the International Osteology Symposia were considered by many in dentistry to be the most successful and prestigious events held on oral tissue regeneration. This is set to continue with the 2023 Jubilee Edition to celebrate the 20th anniversary of the Osteology Foundation. The very attractive location – Barcelona – and an unparalleled educational programme promise to attract up to 3'000 motivated participants from all over the world: clinicians, educators, and scientists alike from all relevant specialties in the oral surgical fields, and all career levels.

The Symposium programme will feature numerous established as well as up-coming experts in oral tissue regeneration. The latest techniques, technologies, and evidence-based recommendations will be addressed at lectures, workshops and also specific sessions for researchers and others for dentists still new to the field of oral tissue regeneration.

WE ARE RE:GENERATION will be the event motto, which perfectly defines what partners and participants can expect: all the scientific knowledge globally available on oral regeneration in one place at the same time. Further all the specialists of today's and tomorrow's generation in this field will be convening in Barcelona. At this event, the Osteology Foundation will demonstrate that we ARE theory and practice, critically thinking as well as doing, in oral tissue regeneration. After a challenging pandemic period, 2023 will be a **RE-start** for all those interested in continuing education face-to-face and furthermore a **RE-start** that will be celebrated together with our 2023 Jubilee to be illuminated by a refreshing **RE-branding** of the Osteology Foundation.

We are looking forward to celebrating this special opportunity in 2023 with you!

Pamela K. McClain

THURSDAY, 27 APRIL

FORUM 1

MORNING WITH THE MASTERS

Moderator: Lisa Heitz-Mayfield, Australia

Three masters on oral tissue regeneration will share their extensive knowledge and experience with you. Don't miss this opportunity to spend a Morning with the Masters and to learn from them.

- 09:00** **Bone reconstruction around implants in the aesthetic zone**
Daniel Buser, Switzerland
- 10:00** **Bone and soft-tissue augmentation in the aesthetic area: a technique-sensitive procedure**
Ueli Grunder, Switzerland
- 11:00 COFFEE BREAK
- 11:30** **Soft-tissue augmentation around teeth and implants**
Giovanni Zucchelli, Italy
- 12:30** **Discussion**
- 12:45 LUNCH

CORPORATE FORUM

Moderator: Pamela K. McClain, USA

- 13:45** **STRAUMANN**
Addressing hard- and soft-tissue challenges in the aesthetic zone with modern tools and techniques
Giovanni Zucchelli, Italy
- 14:15** **GEISTLICH**
Give every smile a solid foundation: how tissue regeneration affects long-term implant success
Stephen Chen, Australia & Tali Chackartchi, Israel
- 15:00** **BOTISS BIOMATERIALS**
Shell technique 2.0 with allografts – taking it to the next level
Jochen Tunkel, Germany
- 15:30 COFFEE BREAK
- 16:00** **BIOHORIZONS CAMLOG**
Turning contraindication for immediacy into indication
Tomas Linkevicius, Lithuania
- 16:30** **DENTSPLY SIRONA**
Regenerative approaches in aesthetically demanding situations – a biological and clinical approach
Anne Benhamou, France
- 17:00 END

17:15–19:00 | EXHIBITION OPENING

Osteology invites you to a welcome drink and a first opportunity to visit the exhibition area. Registration essential (free admission).

WORKSHOP ROOMS

09:00–12:30 | PARTNER WORKSHOPS (PRACTICAL)

FOUNDING PARTNER

- 06 **GEISTLICH**
Guided bone- (GBR) and soft tissue regeneration (GSTR) – pushing the limits
Frank Schwarz, Germany
- 07 **GEISTLICH**
Vertical bone augmentation using a titanium mesh
Alfonso Rao, UK
- 08 **GEISTLICH**
When, how and why fill the gap in combination with immediate implant placement
Daniele Cardaropoli, Italy
- 09 **GEISTLICH**
The treatment of infrabony defects with Regenfast®
Francesco Cairo, Italy
- 10 **GEISTLICH**
Cirugía plástica periodontal y periimplantaria con tejido autógeno y sustitutos de tejido blando. Cuándo y cómo utilizar cada opción
Ignacio Sanz Martín, Switzerland &
Ignacio Sanz Sánchez, Spain
Language: 

12:30 LUNCH

GOLD PARTNERS

- 11 **BIOHORIZONS CAMLOG**
A new approach for soft tissue augmentation around implants featuring NovoMatrix, the novel porcine acellular dermal matrix
Ramón Gómez-Meda, Spain
- 12 **BOTISS BIOMATERIALS**
Evolution of flap designs in the regenerative treatment of intrabony defects: from access flap to entire papilla preservation technique
Serhat Aslan, Turkey
- 13 **DENTSPLY SIRONA**
Unlocking the mysteries of bone grafting
Tara Aghaloo, USA & David Barack, USA
- 14 **STRAUMANN**
Optimising aesthetic results with simultaneous gap management and soft tissue augmentation
Algirdas Puišys, Lithuania

13:45–17:15 | OSTEOLOGY WORKSHOPS (PRACTICAL)

- 01 **OSTEOLOGY**
Modern soft-tissue management with autologous tissues and substitutes
Daniel Thoma, Switzerland
- 02 **OSTEOLOGY**
Reconstructive procedures for the treatment of peri-implantitis lesions
Mario Rocuzzo, Italy
- 03 **OSTEOLOGY**
Next level of hard- and soft tissue regeneration – How can I improve my aesthetic results?
Ronald E. Jung, Switzerland
- 04 **OSTEOLOGY**
Minimally invasive periodontal regeneration
Pierpaolo Cortellini, Italy
- 05 **OSTEOLOGY**
Recession coverage around teeth and implants
Martina Stefanini, Italy

17:15 END

17:15–19:00 | EXHIBITION OPENING

Osteology invites you to a welcome drink and a first opportunity to visit the exhibition area. Registration essential (free admission).

FRIDAY, 28 APRIL

FORUM 1

08:45 | WELCOME | OPENING & INTRODUCTION

Christer Dahlin, Pamela K. McClain, Istvan Urban

09:05 | LIVE SURGERY | BONE REGENERATION

Surgeon: Istvan Urban, Hungary

Moderator: Ueli Grunder, Switzerland

10:35 COFFEE BREAK

LATERAL BONE AUGMENTATION – DIFFERENT STRATEGIES

Moderator: Christoph Hämmerle, Switzerland

11:10 Success strategies in horizontal contour augmentation

Vivianne Chappuis, Switzerland

11:40 Simultaneous vs. staged horizontal ridge augmentation

Sascha Jovanovic, USA

12:10 Block grafts for lateral bone augmentation

Luca Cordaro, Italy

12:40 Discussion

12:55 LUNCH

FORUM 2

PERIODONTAL REGENERATION FOR FURCATION DEFECTS

Moderator: Mariano Sanz, Spain

11:10 Regeneration of furcation defects – an evidence based approach

Søren Jepsen, Germany

11:40 Clinical applications of combination regenerative therapy in furcation defects

Rachel Schallhorn, USA

12:10 Regeneration of combined furcation and intrabony defects: long term clinical outcomes

Pierpaolo Cortellini, Italy

12:40 Discussion

12:55 LUNCH

CHALLENGES IN BONE AUGMENTATION

Moderator: Gustavo Avila Ortiz, Spain

14:15 Challenges in vertical ridge augmentation

Massimo Simion, Italy

14:45 Challenges in sinus augmentation

Tara Aghaloo, USA

15:15 Ti-mesh for challenging bone augmentation procedures

Matteo Chiapasco, Italy

15:45 Discussion

16:00 COFFEE BREAK

PREVENTION OF COMPLICATIONS AND ERRORS

Moderator: Franck Renouard, France

14:15 This session will focus on the prevention of complications and highlight the underlying factors by showing real complications that the presenters have experienced in their practice.

Isabella Rocchietta, UK | Rino Burkhardt, Switzerland | Tali Chackartchi, Israel | Ki-Tae Koo, South Korea | Stephen Chen, Australia

15:55 Discussion

16:10 COFFEE BREAK

SOFT-TISSUE AUGMENTATION AROUND IMPLANTS

Moderator: Ronald E. Jung, Switzerland

16:30 Tunnel technique for recession coverage around implants

Anton Sculean, Switzerland

17:00 Biomaterials for soft-tissue augmentation around implants

Martina Stefanini, Italy

17:30 Autologous tissue vs. allografts: selection guidelines and surgical techniques

Sonia Leziy, Canada

18:00 Discussion

18:15 END

MANAGEMENT OF COMPLICATIONS AND ERRORS

Moderator: Giulio Rasperini, Italy

16:30 This session will complement the session on the prevention of complications. It will focus on the management of the complications, and how to deal with them, showing real complications that the presenters have encountered in their practice.

Luca De Stavola, Italy | Ion Zabalegui, Spain | Nadja Naenni, Switzerland | Ignacio Sanz Sánchez, Spain | Kristina Badalyan, Russia

18:10 Discussion

18:25 END

20:00 | OSTEOLOGY JUBILEE EVENING

BLOOD PRODUCTS FOR TISSUE AUGMENTATION

Moderator: Anton Sculean, Switzerland

- 11:10 The biology behind**
Reinhard Gruber, Austria
- 11:40 Biologisation of biomaterials for soft-tissue augmentation**
Shahram Ghanaati, Germany
- 12:10 Biological optimisation of biomaterials for bone augmentation: myth or reality**
Andy Temmerman, Belgium
- 12:40 Discussion**

INNOVATIVE TECHNOLOGIES FOR TISSUE AUGMENTATION

Moderator: William V. Giannobile, USA

- 11:10 Stem cell-based therapies for the regeneration of oral tissues** Darnell Kaigler, USA
- 11:30 Resorbable patient-specific 3D printed scaffolds for large volume bone regeneration**
Saso Ivanovski, Australia
- 11:50 BMP-2 for oral tissue regeneration**
Jae-Kook Cha, South Korea
- 12:10 Clinical outcomes of periodontal regenerative therapy using rhFGF-2** Atsushi Saito, Japan
- 12:30 Discussion**
- 12:45 LUNCH**

OSTEOLOGY CASE SESSION

Moderators: Fabio Vignoletti, Spain & Nele Van Assche, Belgium

- 14:15** Six clinical cases selected by a jury will be presented on stage and compete for the Osteology Case Award. Speakers will be announced by the end of January 2023 at osteology-barcelona.org. Further information on page 12.
- 15:55 COFFEE BREAK**

REGENERATIVE APPROACHES IN INTERDISCIPLINARY DENTISTRY

Moderator: Diego Velasquez, USA

- 14:15 Regenerative perio-orthodontic therapy in stage IV periodontitis** Karin Jepsen, Germany
- 14:35 Dental pulp regeneration – an update**
Mahmoud Torabinejad, USA
- 14:55 Regenerative procedures in cleft lip and palate patients** Robert Sader, Germany
- 15:15 Prosthodontics vs. regenerative procedures?**
Irena Sailer, Switzerland
- 15:35 Discussion**
- 15:50 COFFEE BREAK**

PROCEEDINGS FROM THE OSTEOLOGY | DGI | SEPA CONSENSUS WORKSHOP

Moderator: José Nart, Spain

- 16:30 Keratinised mucosa around implants**
Eduardo Montero, Spain & Ausra Ramanauskaite, Germany
- 17:00 Peri-implant soft-tissue thickness**
Stefan Bienz, Switzerland & Cristina Vallès Vegas, Spain
- 17:30 Implant dehiscence soft-tissue coverage**
Ignacio Sanz Martín, Switzerland & Maren Soetebeer, Germany
- 18:00 Discussion**
- 18:15 END**

ORAL REGENERATION IN A NUTSHELL

Moderators: Bo Chen, China & Brenda Mertens, France

- 16:30 Soft-tissue augmentation** Yi Man, China
- 16:42 Peri-implantitis management** France Lambert, Belgium
- 16:54 Combination of bone and soft-tissue grafts**
Bálint Molnár, Hungary
- 17:06 Major bone augmentation** Eik Schiegnitz, Germany
- 17:18 Ridge preservation** Vítor Marques Sapata, Brazil
- 17:30 Periodontal regeneration** Jia-Hui Fu, Singapore
- 17:42 Sinus augmentation** André Vajgel, Brazil
- 17:54 Discussion | Conclusion**
- 18:15 END**

FRIDAY, 28 APRIL

BREAKOUT ROOMS

Participants will have the opportunity to discuss different topics and indications in small groups with our renowned experts. The participants will move in small groups from one round table to the next so that all participants spend 30 minutes with each of the experts. Register for this unique experience of small-group discussions with our international experts. There will be one session focussing on soft-tissue regeneration and one on hard tissues. **Registration is required.**

extra fee
(see page 15)

14:15 | CLINICAL ROUND TABLES

- 15 **SOFT-TISSUE AUGMENTATION IN FOCUS**
- Soft-tissue augmentation around teeth (autologous tissues)**
Filippo Graziani, Italy
 - Soft-tissue augmentation around implants (autologous tissues)**
Luca Gobbato, Italy
 - Alternatives to autologous soft-tissue grafts around teeth and implants**
E. Todd Scheyer, USA
- 16:00 COFFEE BREAK

16:30 | CLINICAL ROUND TABLES

- 16 **BONE AUGMENTATION IN FOCUS**
- Bone augmentation for major defects**
Bilal Al-Nawas, Germany
 - Bone augmentation for localised defects**
Christoph Hämmerle, Switzerland
 - Bone augmentation for extraction sockets**
Gustavo Avila Ortiz, Spain
- 18:15 END

20:00 | OSTEOLOGY JUBILEE EVENING

OSTEOLOGY THANKS ITS PARTNERS:

FOUNDING PARTNER

Geistlich

GOLD PARTNERS

PUBLISHING PARTNER

SATURDAY, 29 APRIL

FORUM 1

BATTLE OF CONCEPTS | THE TREATMENT OF INTACT AND COMPROMISED EXTRACTION SOCKETS

Moderators: Pamela K. McClain, USA & Nikolaos Donos, UK

- 09:00** Introduction
- 09:10** **Flapless approach of immediate implant placement and loading**
Jose Carlos Da Rosa, Brazil
- 09:35** **Delayed approach using intra-socket grafting and d-PTFE membranes**
Melle Vroom, the Netherlands
- 10:00** **Flapless vs. open flap approach using immediate implant placement in conjunction with hard- and soft-tissue grafting**
Joseph Kan, USA
- 10:25** **Delayed approach using intra-socket grafting and collagen membranes vs. matrices**
Maurício Araújo, Brazil
- 10:50** Discussion
- 11:00** COFFEE BREAK

PERI-IMPLANT DISEASE

Moderators: Frank Schwarz, Germany & Lisa Heitz-Mayfield, Australia

- 11:30** Introduction
- 11:40** **Peri-implantitis: a chronic, non-healing wound**
Purnima Kumar, USA
- 12:05** **Reconstructive surgical therapy of peri-implantitis-associated bony defects**
Jan Derks, Sweden
- 12:30** **Surgical regenerative therapy of peri-implantitis**
Ausra Ramanauskaite, Germany
- 12:55** **Soft-tissue conditioning to manage peri-implantitis**
Alberto Monje, Spain
- 13:20** Discussion
- 13:30** LUNCH

OSTEOLOGY RESEARCH & CASE AWARDS

Moderators: Pamela K. McClain, USA & Istvan Urban, Hungary

- 14:30** Award ceremony

LIVE SURGERY | SOFT-TISSUE REGENERATION

Moderator: Mario Rocuzzo, Italy
Surgeon: Sofia Aroca, France

- 14:45** Live surgery on soft-tissue regeneration
- 16:15** END

FORUM 2

SEPA SESSION | COMPLEX CLINICAL CASES ON DEBATE

Moderators: Paula Matesanz, Spain & Adrián Guerrero, Spain

- 09:00** **Welcome & Introduction**
Christer Dahlin, Sweden & José Nart, Spain
- 09:05** **Debate 1 | Tooth autotransplantation: digitally guided autotransplantation**
Ignacio Pedrinaci, Spain & Jesús Muñoz, Spain
- 09:30** **Debate 2 | Endo-Perio: to the apex of the endo-perio lesion**
Fabio Vignoletti, Spain & Germán Barbieri, Spain
- 09:55** **Debate 3 | Soft-tissue defects: peri-implant buccal soft-tissue dehiscence**
Ignacio Sanz Martín, Switzerland & Ion Zabalegui, Spain
- 10:20** **Debate 4 | Peri-implantitis: non-surgical peri-implantitis approach**
Antonio Liñares, Spain & Ana Carrillo de Albornoz, Spain
- 10:45** Take home messages
- 11:00** COFFEE BREAK

AAP SESSION | STATE-OF-THE-ART SOFT-TISSUE MANAGEMENT AROUND TEETH AND IMPLANTS

Moderators: William V. Giannobile, USA & Gustavo Avila Ortiz, Spain

- 11:30** **Welcome & Introduction**
- 11:40** **Soft-tissue management around implants**
Giulio Rasperini, Italy
- 12:10** **Microsurgery and sutures for soft-tissue management**
Diego Velasquez, USA
- 12:40** **Alternatives to autologous soft-tissue grafts**
E. Todd Scheyer, USA
- 13:10** Discussion
- 13:30** LUNCH

Sepa.

ACTIVITIES

RESEARCH NETWORKING DAY

Thursday, 27 April 2023, 08:30–17:15

By invitation only, this unique and exclusive day will offer plenty of networking and exchange opportunities for basic and clinical researchers. Investigators within the top 20 ranked poster abstracts submitted for the Poster Exhibition will receive an invitation to this event. Invited authors will obtain full reimbursement of the symposium registration fee. In addition to the 20 top-ranked poster authors, former recipients of Osteology Researcher Grants and Scholarships, as well as a selection of alumni of the renowned Osteology Research Academy, will participate in this event.

During this day, invited authors exhibit their poster and vote together with a panel of experts for the 6 best poster authors (3 for each category of preclinical and clinical research) to present their research in an oral presentation. The best oral presentation in each category, selected by the experts below, will be awarded € 500. The day closes with round table discussions with leading figures in the field of oral tissue regeneration.

Round table experts

Christer Dahlin
Nikolaos Donos
Reinhard Gruber
Nadja Naenni
Irena Sailer

POSTER EXHIBITION

Investigators within the field of regenerative dentistry and oral tissue engineering are invited to submit original research work for the poster exhibition taking place 28–29 April 2023.

Detailed information on abstract submission and guidelines

Information on how to submit abstracts and which guidelines are to be followed are available at osteology-barcelona.org. A scientific committee will evaluate all submitted abstracts. Abstracts must be submitted via THE BOX online at box.osteology.org. Investigators can submit poster abstracts in two categories, preclinical and clinical research.

Application deadlines

Submission deadline: 18 December 2022
Notification deadline: 1 February 2023

Osteology Poster Audience Award

All posters uploaded on The BOX compete for this Award. One award for preclinical and one for clinical research are available, each worth € 500. Award winners are picked by the most “likes” from the community on THE BOX.

OSTEOLOGY CASE SESSION & COMPETITION

The popular Osteology Case Session and Competition will be held again at Osteology Barcelona 2023. The best oral regeneration cases submitted in the following six competition categories will be selected for an oral presentation in the Osteology Case Session:

- Ridge preservation & immediate implant placement
- Soft-tissue augmentation / regeneration around teeth
- Soft-tissue augmentation / regeneration around implants
- Vertical and horizontal bone augmentation
- Periodontal regeneration
- Sinus augmentation

Osteology Case Award

Among the six presentations in the Osteology Case Session, the jury will select a winner. The winner will receive an award and a prize of € 1'500.

Submission

Clinical cases can be submitted online on the foundation's online platform THE BOX from 1 September to 30 November 2022. Submission guidelines and further information are available online at osteology-barcelona.org.

INFORMATION

EXHIBITION

Participants who are looking for the latest products and equipment will find plenty to see at the exhibition, which will provide a unique opportunity to network. The exhibition area is in close proximity to all sessions and meeting rooms and will host catering for the entire symposium.

HOTELS

Hotel rooms at special congress rates have been negotiated for congress participants at various hotels of different categories, in the area surrounding the CCIB congress centre. To guarantee the quoted rates, reservations must be made through the congress agency Publi Créations. Further hotel details are available online at osteology-barcelona.org.

If you have specific requests, please contact the congress agency osteology@publiccreations.com.

VENUE

The symposium will be held at CCIB (the Barcelona International Convention Centre) which is an integral part of Diagonal Mar, the newest section of Barcelona's seafront.

CCIB
Willy Brandt Square 11–14, 08019 Barcelona, Spain
ccib.es

OSTEOLOGY JUBILEE EVENING

Stay tuned for the Osteology Jubilee Evening on Friday. Further information at osteology-barcelona.org.

ADA C·E·R·P®

Continuing Education
Recognition Program

Osteology Foundation is an ADA CERP Recognised Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The Osteology Foundation designates this activity with a maximum of 19.5 continuing education credits (depending on your individual programme attendance).

Educational methods: The educational methods to be used for this congress include live lecture sessions involving scientific evidence, case studies, innovations or advances in clinical concepts and techniques, moderated live surgeries, debates and panel discussions, round table discussions, as well as hands-on workshops.

Additional CE information: For further information on ADA CERP, full course description, learning objectives, speakers, disclosures, moderators, and sponsorship information, please visit osteology-barcelona.org.

IMPORTANT DATES

1 October 2022	Opening registration
30 November 2022	Deadline case submission
18 December 2022	Deadline poster abstract submission
29 January 2023	Deadline early registration
18 April 2023	End of regular fee and online registration

REGISTRATION

Registration fees include 21% VAT and are payable in EURO only.

	Fee incl. VAT
Scientific Symposium before 29 January 2023	€ 640
Scientific Symposium after 29 January 2023	€ 760
Scientific Symposium Young Professionals* before 29 January 2023	€ 240
Scientific Symposium Young Professionals* after 29 January 2023	€ 340

* Young Professionals: up to the age of 32

The registration fee for the Scientific Symposium includes admission to the Morning with the Masters session and Corporate Forum on Thursday, admission to the scientific sessions on Friday and Saturday, admission to the poster and exhibition area, refreshments in the exhibition area (coffee breaks and lunches) and admission to the Exhibition Opening.

Osteology & Partner Workshops	€ 300
Clinical Round Table Sessions (15 & 16) (if just one session, € 40 per session)	€ 60
Osteology Jubilee Evening	€ 125

Closing of pre-registration on 18 April 2023.
After this date, only on-site registration will be available with a surcharge.

THE OSTEOLGY FOUNDATION

The Osteology Foundation supports science, research, training, and education in the field of oral tissue regeneration. The foundation bridges the gap between scientific advancement and contemporary clinical practice. The objective is to develop and share knowledge and understanding, leading to evidence-based clinical practice for the improvement of patient care.
